

# STAY IN TOUCH

**You can join the  
Alumni Database  
KÜME and follow the  
alumni website to stay  
in touch.**

# WHY ?

The Office of Alumni Relations continuously updates the contact details of alumni in the KÜME database and tracks their academic and professional development following graduation. An up-to-date database serves to:

- Keep our alumni up-to-date on the developments at the University,
- Announce special events to the alumni community,
- Inform our graduates on advantages tailored for KU alumni,
- Encourage alumni engagement,
- Report on the success of our alumni to national and international stakeholders for an accurate reflection on rankings, which in return contributes to the value of KU degrees.
